

## Harvest

It's that time of the year! In a blink of an eye the crops surrounding us have turned from green to gold.

Farming keeps the scenery in constant change. You'll never get sick of the views out in the Wheatbelt.

Harvest started quite early this year with headers, chaser bins and silos scattered across the paddocks of Nungarin.

We wish all farmers the best over this busy period and hope this year was a successful one!

Please remember to be safe and aware on roads, machinery will be moving around as well as the trucks doing runs to CBH.

## Our Story - Deep Dive Session

On Wednesday the 21st of October I was a guest at a Wheatbelt tourism session, the FREE event was hosted at Cummins Theatre in Merredin. Everyone was very welcoming & friendly as country people are.

We listened to an informative guest speaker as well as following a PowerPoint about tourism in Western Australia. It focused on diving deep into what draws people into the Wheatbelt and what we can offer.

The talk was interactive with the speaker involving the crowd as much as possible. The hands-on part of the session set each table on a task to complete 3 activities involving team work, brainstorming and sharing ideas.

Being new into the industry, this was an ideal session to attend as it slowly eased into content and was not hard to follow. I highly recommend an Our Story session to everyone and I would happily be apart of another session.
